# ANNUAL REPORT

## of the Council of Management for 1947

---

The Council of Management has pleasure in submitting to the Governors the Report and Audited Accounts for the year 1947.

The work of the Hospital continues to increase, and during the year record numbers both of In-Patients and Out-Patients were treated. To meet the demand for the services of the Hospital eleven additional beds were brought into use during the year, bringing the total number (including those held in reserve for emergency purposes) to 116. A new Gynaecological Out-Patient Clinic was opened, and an Ear, Nose and Throat Clinic instituted. It was also found necessary to arrange additional Surgical and Ante-Natal Clinics.

The Council is pleased to record that work began in December, 1947, on the long-delayed Maternity Extension Scheme. This provides for 21 additional beds, and two new Labour Wards. A temporary Nurses' Home is also being built on Blakesley House site for the nurses displaced by the Maternity Wing Scheme and extra staff required for the additional beds. This Home will give bed-sitting room accommodation for 32 nurses. The contract is being carried out by Messrs. Henry Edwards Ltd., of Burton-on-Trent and Romford, at a cost of £14,592, and it is hoped that the scheme will be completed in August, 1948.

It has become apparent that further accommodation is needed in other parts of the Hospital in order to satisfy the increasing demand on its services. It has been found possible to transfer the Stores Department to the former Gas Decontamination Unit, which has been taken over from the Ministry of Health, and within the room thus freed to plan a Medical Ward with twelve or fourteen beds. A scheme for providing ancillary services for such a ward has been submitted to the Ministry of Health, and it is hoped that approval may be given for this work to be carried out at an early date.

The increased number of patients has made imperative the establishment of a Central Registry for patients' records. This has been approved and will be brought into operation as soon as circumstances and accommodation allow.

Pressure on the Out-Patient Department has also engaged the attention of the Council, and every possible means is being sought to reduce the period of waiting and to facilitate the smooth working of this congested Department.

The fabric of the Hospital suffered severely during the War, and the Council is pleased to report that war damage has now been repaired. The exterior of the Hospital has been redecorated, and also the greater part of the interior.

The Council has endeavoured to make up leeway in the provision of hospital and domestic equipment of the most modern kind. A dish-washing machine and a potato peeling machine are being installed. The Labour Wards have been equipped with Operating Theatre lighting. Refrigerators and automatic bedpan sterilizers have been placed on order for all wards, and every bed in the Hospital is being fitted with a Dunlopillo mattress.

These extensive works have not been carried out without a serious drain upon the finances of the Hospital. Expenditure reached a peak figure of £42,919. Income also was higher than in the previous year and totalled £35,926. Voluntary gifts declined by more than £2,000 during the year, but still maintained the satisfactory total of £5,500. The Council of Management expresses warm thanks to all who continued to assist the Hospital in this way. Particular thanks are expressed to the promoters of the Wimbledon Charity Cricket Match, the result of which is that £1,000 is being held on trust for the benefit of the Hospital.

The deficit of £7,000 on the year's working was met by the sale of investments. Securities valued at £12,000 were sold after consultation with the Charity Commissioners and the balance of the proceeds of sale was used for reduction of overdraft.

Responsibility for maintaining Hospitals will be transferred to the Crown in July, 1948. Voluntary Hospitals from that date will no longer be dependent on the good will of their friends in the same way as before, but there will still be need for local interest, initiative and support. It is hoped that the people of this district, who have in the past done so much for the Nelson Hospital, will continue to find in it a means of service to the community. An Amenities and Welfare Fund for patients and staff is to be established, and gifts made expressly for the benefit of the Hospital will be so used by the new Management Committee which is to control a group of Hospitals.

During the past year two members of the Consulting Staff, Dr. J. C. Hawkesley and Mr. C. W. Flemming, have resigned, and to them the Council offers sincere thanks for their valued services over a number of years. Dr. G. I. Wilkins resigned her appointment as Honorary Anaesthetist, and it is pleasing to record that she has now been elected Obstetric Medical Officer in the Maternity Department which she served continually during the War when other members of the Staff were absent. The Council also welcomes the following new members of the Medical and Surgical Staff :—

*Paediatrician* : DR. J. N. O'REILLY.

*Radiologist* : DR. W. O. MACFEAT.

*Ear, Nose and Throat Surgeon* : MISS J. WADGE.

*Consulting Physician* : DR. E. C. WARNER.

*Plastic Surgeon* : MR. JOSEPH P. REIDY.

*Anaesthetists* : DR. IAN D. GRANT and DR. R. J. HARVEY.

Last year the Council reported the loss of Mr. A. R. Howick, who died after serving on the Management of the Hospital for more than 30 years. His place on the Council has now been taken by Councillor C. W. Black, J.P. A further loss was sustained by the death of Mr. Bernard Ely on December 19th. Mr. Ely's gifts of foresight and clear judgment so ungrudgingly exercised on the problems facing the Council during difficult years are very much missed.

The work of the Hospital was hampered during the year by the decision of the General Nursing Council to withdraw approval of all Nurses' Training Schools in the smaller Hospitals. The recruitment of nurses ceased during a period of uncertainty, but the Council is pleased to report that the Training School has been approved once more, and the intake of Student Nurses resumed. A Midwives' Training School is also to be opened at the Hospital when the present extension scheme is completed.

The Ladies' Linen Association has continued its activities during the year and presented linen valued at £400, besides organising another very successful Pound Day. The Mending Guild has also continued its work of inestimable value during the present shortage of textile goods.

Under the provisions of the National Health Service Act 1946, the Management of the Hospital will pass in July, 1948, from the present Council to a Hospital Management Committee to be nominated by the South-West Metropolitan Regional Hospital Board. On the occasion of this last Annual Report the Council wishes to record its deep appreciation of the work done by all members of the Staff, and by voluntary workers in every field of activity. Their ungrudging service has been the life blood of the Hospital. If their spirit can be kept alive the Governors may look forward with confidence to the future of the Hospital under the aegis of the State.

By Order of the Council,

J. D. CASSWELL,

*Chairman.*

## NELSON HOSPITAL LADIES' LINEN ASSOCIATION

### REPORT FOR THE YEAR 1947

The ordinary subscriptions received during the year amounted to £44 9s. 9d. In addition, Pound Day, held on 1st October, produced the sum of £75 19s. 5d. (£50 4s. 5d. from 55 collecting tins, almost wholly from Schools, and £25 15s. 0d. from subscriptions).

There was also a gratifying response to the appeal for gifts in goods. These included a live chicken, a pound of rice and 16 ozs. of Eau-de-Cologne.

It was pointed out at a recent Committee Meeting that not one Pound Day was missed throughout the war years ; nor did the Mending Guild once fail to hold a fortnightly meeting.

The Nelson Hospital, although situated outside the Parish of Wimbledon, deals with a large number of cases from that area. It will be seen from the statistics given on page 20 that 48.8% of its in-patients and 36.3% of its out-patients treated in 1947 were Wimbledon residents.

The Nelson is the only Voluntary Hospital in the Districts of Wimbledon, Merton and Morden which has a Maternity Department.
